INFORMATION CIRCULAR

(Containing information as at December 4, 2024 unless otherwise indicated)

This information circular ("*Information Circular*") is provided in connection with the solicitation of proxies by the management **AC/DC BATTERY METALS INC.** (the "*Company*") for use at the Annual General and Special Meeting of the shareholders of the Company (the "*Meeting*") to be held at 3028 Quadra Court, Coquitlam, BC, on Wednesday, January 8, 2025 at 10:00 am (Pacific Time) and at any adjournments thereof for the purpose set forth in the enclosed Notice of Annual General and Special Meeting ("*Notice of Meeting*").

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by Directors, Officers and regular employees of the Company. All costs of solicitation of proxies by management will be borne by the Company.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the "**Proxy**") are directors and officers of, or counsel to, the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the shares of the Company ("**Shares**") represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders electing to submit a Proxy may do so by:

- (a) completing, dating and signing the enclosed form of Proxy and returning it to the Company's transfer agent, Olympia Trust Company ("**Olympia**"), Attention: Proxy Department, by fax to 1 (403) 668-8307, via email to proxy@olympiatrust.com or by mail to Olympia Trust Company, Attention: Proxy Department, PO Box 128, STN M, Calgary, AB T2P 2H6; or
- (b) using the internet through the website of the Company's transfer agent at <https://css.olympiatrust.com/pxlogin>. Registered shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy form for the holder's account number and the Proxy control number;

in all cases ensuring that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders of the Company who do not hold Shares in their own name. Beneficial shareholders should note that the only Proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Shares).

If Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Shares will not be registered in the shareholder's name on the records of the Company. Such Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In the United States the vast majority of such Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many United States brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Beneficial Shareholder:

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Many brokers delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications or another investor communication service (collectively, for the purposes of this Information Circular, "**Broadridge**") in Canada and the United States. Broadridge will typically mail a voting instruction form in lieu of a Proxy provided by the Company. The voting instruction form will name the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial shareholder of the Company), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, you cannot use it to vote Shares directly at the Meeting - the voting instruction form must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Shares voted.**

Although as a Beneficial shareholder you may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxy holder for your broker and vote your Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Shares as proxy holder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, you can request in writing that your broker send you a legal proxy which would enable you, or a person designated by you, to attend at the Meeting and vote your Shares.

This Information Circular and related material is being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a Proxy may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the registered shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date to Olympia Trust Company, by fax to 1 (403) 668-8307, via email to proxy@olympiatrust.com or by mail to Olympia Trust Company, Attention: Proxy Department, PO Box 128, STN M, Calgary, AB T2P 2H6, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- (b) personally attending the Meeting and voting the registered shareholder's Shares.

Only registered shareholders have the right to revoke a Proxy. Beneficial shareholders who wish to revoke their Proxy must, at least seven days before the Meeting, arrange for their respective intermediaries (as described above) to revoke the Proxy on their behalf. A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

RECORD DATE

The Company has set the close of business on December 4, 2024 as the record date (the "Record Date") for the Meeting. Only the registered holders of common shares, and those beneficial holders entitled to receive notice through their intermediaries, as at that date, are entitled to receive notice of and to vote at the Meeting unless after that date a shareholder of record transfers his or her shares and the transferee, upon producing properly endorsed certificates evidencing such shares or otherwise establishing that he or she owns such shares, requests at least ten (10) days prior to the Meeting that the transferee's name be included in the list of shareholders entitled to vote, in which case such transferee is entitled to vote such shares at the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as disclosed herein, no person who has been a director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and the appointment of auditors and as set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The holders of the Company's common shares of record at the Record Date are entitled to vote such shares at the Meeting on the basis of one vote for each common share held. The Company is authorized to issue an unlimited number of common shares without par value (the "shares") of which 51,885,044 shares are issued and outstanding as of the Record Date. The Company has no other class of voting securities.

A quorum for the transaction of business at the Meeting is one person who is, or who represents by proxy one or more shareholders who, in the aggregate, hold at least 5% of the issued and shares entitled to vote at the meeting. If there is only one shareholder entitled to vote at a meeting of shareholders: (a) the quorum is one person who is, or who represents by proxy, that shareholder; and (b) that shareholder, present in person or by proxy, may constitute the meeting.

To the knowledge of the directors and executive officers of the Company, and based upon the Company's review of the records maintained by Olympia Trust Company and insider reports filed with System for Electronic Disclosure by Insiders (SEDI), as at the Record Date, no one shareholder beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company.

Employment, Consulting and Management Agreements

There are no material terms of any agreement or arrangement under which compensation was provided during the most recently completed financial year or payable in respect of services provided by directors or a named executive officer that has not been disclosed.

Oversight And Description Of Director And NEO Compensation

The administration of the Company's compensation mechanisms is currently handled by the directors of the Company. The general objectives of the Company's compensation strategy are to be competitive in order to attract, motivate and retain highly skilled and experienced executive officers, to provide fair and competitive compensation to align the interest of management with those of shareholders. The Company does not have a formal compensation program with set benchmarks; however, the directors do have an informal program which seeks to reward an executive officer's current and future expected performance and the achievements of corporate milestones to align the interests of executive officers with the interests of the Company's shareholders.

The compensation awarded to, earned by, paid to or payable to each of the NEOs and directors for the most recently completed financial year is set out above under the heading, "*Director and Named Executive Officer Compensation*".

Compensation Review Process

The directors periodically review the compensation paid to each executive officer with respect to basic salary and stock option grants. The directors ensure that total compensation paid to all executive officers is fair and reasonable. The directors rely on their experience as officers and directors in assessing compensation levels and may work with executive placement firm(s) from time to time during the recruitment process. In determining the levels of compensation, the directors consider the following goals and objectives of the Company which are, (a) to attract and retain qualified and experienced executives in today's market place; (b) to encourage and reward outstanding performance by those people who are in the best position to enhance the Company's near-term results and long-term prospects; (c) to align management's interests with the long-term interests of shareholders; and (d) to ensure the compensation paid is competitive with the current market and takes into account the constraints that the Company may be under by virtue of the fact that it is a junior mineral exploration company without a history of earnings.

Assessment of Individual Performance

Individual performance in connection with the achievement of corporate milestones and objectives is reviewed by the directors for all executive officers. While awards are generally tied to performance against quantitative objectives, consideration is also given to an individual's qualitative contribution to the Company. In monitoring or adjusting option allotments, the directors take into account its own observations on individual performance and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the executive officers. For example, the directors will evaluate the individual's leadership skills, commitment to the Company's shareholders, innovation and teamwork.

As the Company has a small team of executive officers, a high degree of commitment and performance is required from each individual to achieve corporate milestones and objectives. This high degree of commitment and performance was demonstrated during the fiscal year ended 2024 by each executive officer with the following accomplishments:

- each executive officer's consistent and focused leadership, evidenced during challenging times;
- each executive officer's leadership in strengthening the Company's ability to manage risk; and
- each executive officer's role in the enhancement of the Company's profile in the public marketplace.

The stock option grants to directors, officers and consultants are determined by an assessment of the individual's current and expected future performance, level of responsibilities, importance of the position held, contribution to the Company and previous option grants and exercise prices including:

- the remuneration paid to the individual as at the grant date in relation to the total remuneration payable by the Company to all of its directors, officers, employees and consultants as at the grant date;
- the length of time that each individual has been employed or engaged by the Company; and
- the quality of work performed by such director, officer, employee or consultant.

Elements of Compensation

There are two main elements of direct compensation, namely a base salary and equity participation through the Company's stock option plan.

Base Salary

Base salary is the principal component of an executive officer's compensation package. In determining the base salary

of executive officers, the directors review salary levels of similar companies in the industry and may obtain an informal survey on overall salaries of junior mineral exploration companies. The directors also consider an executive officer's performance and levels of responsibility and importance to the Company and its shareholders.

The Company has no arrangements, standard or otherwise, pursuant to which directors are compensated by the Company for their service in their capacity as directors of the Company. The directors of the Company may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors. Directors are also eligible to receive incentive stock options to purchase shares of the Company under the Company's stock option plan.

Equity Participation through Stock Option Plan

The stock option component of the Company's compensation program is intended to encourage and reward outstanding performance over the short and long terms, and to align the interests of the Company's officers and directors with those of its shareholders. Options are awarded by the directors, which bases its decisions upon the level of responsibility and contribution of the individuals towards the Company's goals and objectives. The directors also take into consideration the amount and terms of outstanding stock options in determining its recommendations regarding the options to be granted during any fiscal year.

The stock option component of officer and director compensation acts as an incentive for each individual to drive to enhance the Company's value over the long term, and to remain with the Company.

The stock options granted have been granted at an exercise price in line with TSXV policies and the Company's Stock Option Plan. Options are typically granted for a period of five years and may have a vesting period as determined by the directors on a case by case basis.

The Company is of the view that its compensation structure appropriately takes into account the factors relevant to the resource industry, the Company's performance within that industry, and the individual contributions to the Company's performance made by its officers and directors.

Pension Plan Benefits

As at the fiscal year ended July 31, 2024, the Company did not maintain any defined benefit plans, defined contribution plans or deferred compensation plans.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER THE EQUITY COMPENSATION PLAN

During the year ended July 31, 2024, the Company maintained a 10% rolling Stock Option Plan (the "Option Plan") under which the total number issuable from time to time may not exceed 10% of the total number of issued and outstanding AC/DC Shares. The Option Plan is the Company's sole equity compensation plan and was approved by the shareholders and the TSX Venture Exchange (refer to "Stock Option Plan" below for details of the Option Plan).

The following table sets forth information with respect to the securities outstanding under the Stock Option Plan as at July 31, 2024.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plan (excluding securities reflected in column (a)) (c)
	(a)	(b)	(a) (c)

Stock Option Plan

The aggregate number of Shares that may be reserved for issuance at any point in time shall not exceed 10% of the issued and outstanding common shares at the time of the stock option grant (subject to standard anti-dilution

adjustments). If a stock option expires or otherwise terminates without being exercised, the number of Common Shares reserved for issuance under that expired or terminated stock option will become available for issuance. The number of Shares subject to an option to a Service Provider shall be determined by the Board, but no Service Provider shall be granted an option which exceeds the maximum number of shares permitted by the Exchange or any stock exchange on which the Shares are then listed, or other regulatory body having jurisdiction.

The exercise price of the Shares covered by each option shall be determined by the Board, provided that the exercise price shall not be less than the Discounted Market Price permitted by the Exchange or any stock exchange on which the Common Shares are then listed, or other regulatory body having jurisdiction.

Should the expiry date of an Option fall within a Blackout Period of the Company, such expiry date shall, subject to approval of the Exchange, be automatically extended without any further act or formality to that day which is the tenth (10th) business day after the end of the Blackout Period, such tenth business day to be considered the expiry date for such Option for all purposes under the Option Plan.

The Option Plan provides that it is solely within the discretion of the Board, or its Committee if so designated, to determine who should receive stock options and in what amounts, subject to the following conditions:

1. options will be non-assignable and non-transferable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death;
2. options may be exercisable for a maximum of ten years from the date of grant (subject to extension where the expiry date falls within a "Blackout Period", as disclosed above);
3. the aggregate number of options together with all other Share Compensation Arrangements granted to any one option holder (including companies wholly owned by that option holder) in a 12-month period must not exceed 5% of the issued shares of the Company, calculated on the date an option is granted to the option holder, unless the Company has obtained Disinterested Shareholder Approval;
4. the aggregate number of options together with all other Share Compensation Arrangements granted to any one consultant in a 12-month period must not exceed 2% of the issued shares of the Company, calculated at the date an option is granted to the consultant;
5. the aggregate number of options granted to all option holders retained to provide Investor Relations Activities (as defined in Exchange Policy 1.1) must not exceed 2% of the issued shares of the Company in any 12-month period, calculated at the date an option is granted to any such option holder;
6. at no time will options be issued which could permit at any time the aggregate number of shares reserved for issuance under stock options granted to insiders (as a group) at any point in time exceeding 10% of the issued shares, unless the Company has obtained Disinterested Shareholder Approval;
7. at no time will options together with all other Share Compensation Arrangements be issued which could permit at any time the grant to insiders (as a group), within a 12-month period, of an aggregate number of options exceeding 10% of the issued shares calculated at the date an option is granted to any insider, unless the Company has obtained Disinterested Shareholder Approval;
8. options held by an option holder who is a director, employee, consultant or management company employee will expire 90 days after the option holder ceases to be a director, employee, consultant or management company employee, which time period the Company determines is reasonable;
9. in the event of an option holder's death, the option holder's personal representative may exercise any portion of the option holder's vested outstanding options for a period of one (1) year following the option holder's death;
10. options cannot be granted to directors, employees, consultants or management company employees that are not bona fide directors, employees, consultants or management company employees, as the case may be; and
11. options will be reclassified in the event of any consolidation, subdivision, conversion or exchange of the Company's Common Shares.

The Option Plan provides that other terms and conditions may be attached to a particular stock option, such terms and conditions to be referred to in a schedule attached to the option certificate. Stock options granted to directors, senior officers, employees or consultants vest when granted unless otherwise determined by the Board, or its Compensation

Committee, on a case-by-case basis. Stock options granted to consultants or employees performing Investor Relations Activities, as such term is defined by the Exchange, will vest in stages over 12-months with no more than one-quarter of the Options vesting in any three-month period.

In addition, under the Option Plan a stock option will expire immediately in the event an Optionee is dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

The price at which an Optionee may purchase a Common Share upon the exercise of an Option will be as set forth in the option certificate issued in respect of such Option and in any event will not be less than the discounted market price of the Company's Common Shares as of the date of the grant of the stock option (the "Grant Date"). The market price of the Company's Common Shares for a particular Grant Date will typically be the closing trading price of the Company's Common Shares on the day immediately preceding the Grant Date, or otherwise in accordance with the terms of the Option Plan. Discounted market price has the meaning assigned by Policy 1.1 of the TSX Venture Exchange Policies. In addition to any resale restriction under securities laws, if the exercise price of the Option is based on a Discounted Market Price, the Exchange Hold Period will apply to all Common Shares issued under each Option, commencing from the Grant Date. The Exchange Hold Period will also apply to all Common Shares issued under any Option granted to a director, officer or Insider (as such term is defined by the Exchange) of the Company, regardless of whether the Option was granted at market or discounted market price in addition to any resale restrictions under securities laws.

In no case will a stock option be exercisable at a price less than the minimum prescribed by the organized trading facility or the applicable regulatory authorities that would apply to the grant of the stock option in question.

**ARTICLE 2
STOCK OPTION PLAN**

Establishment of Share Option Plan

2.1 The Plan is hereby established to recognize contributions made by Service Providers and to create an incentive for their continuing assistance to the Company and its Affiliates.

Maximum Plan Shares

2.2 The maximum aggregate number of Plan Shares that may be reserved for issuance under the Plan, together with Shares issuable on the exercise of all Options granted under any previous Security Based Compensation plan, shall not exceed twenty percent (20%) of the total issued and outstanding Common Shares as of the effective date, being **10,377,008**. Where applicable, shareholder approval referred to herein must be obtained in compliance with the requirements of the TSX Venture Exchange Policies.

Eligibility

2.3 Options to purchase Common Shares may be granted hereunder to Service Providers of the Company, or its affiliates, from time to time by the Board. Service Providers that are not individuals will be required to undertake in writing not to effect or permit any transfer of ownership or option of any of its securities, or to issue more of its securities (so as to indirectly transfer the benefits of an Option), as long as such Option remains outstanding, unless the written permission of the TSX Venture and the Company is obtained.

Options Granted Under the Plan

2.4 All Options granted under the Plan will be evidenced by an Option Commitment in the form attached as Schedule A, showing the number of Optioned Shares, the term of the Option, a reference to vesting terms, if any, and the Exercise Price.

2.5 Subject to specific variations approved by the Board, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Option Commitment made hereunder.

Limitations on Issue

- 2.6 Subject to §2.10, the following restrictions on issuances of Options are applicable under the Plan:
- (a) no Service Provider can be granted an Option if that Option would result in the total number of Options, together with all other Share Compensation Arrangements granted to such Service Provider in the previous 12 months, exceeding 5% of the Outstanding Shares, unless the Company has obtained Disinterested Shareholder Approval to do so;
 - (b) the aggregate number of Options granted to all Service Providers conducting Investor Relations Activities in any 12-month period cannot exceed 2% of the Outstanding Shares, calculated at the time of grant, without the prior consent of the TSX Venture; and
 - (c) the aggregate number of Options and all security based compensation granted to any one Consultant in any 12 month period cannot exceed 2% of the Outstanding Shares, calculated at the time of grant, without the prior consent of the TSX Venture.

Options Not Exercised

2.7 In the event an Option granted under the Plan expires unexercised or is terminated by reason of dismissal of the Optionee for cause or is otherwise lawfully cancelled prior to exercise of the Option, the Optioned Shares that were issuable thereunder will be returned to the Plan and will be eligible for re-issuance.

Powers of the Board

2.8 The Board will be responsible for the general administration of the Plan and the proper execution of its provisions, the interpretation of the Plan and the determination of all questions arising hereunder. Without limiting the generality of the foregoing, the Board has the power to

- (a) allot Common Shares for issuance in connection with the exercise of Options;
- (b) grant Options hereunder;
- (c) subject to any necessary Regulatory Approval, amend, suspend, terminate or discontinue the Plan, or revoke or alter any action taken in connection therewith, except that no general amendment or suspension of the Plan will, without the prior written consent of all Optionees, alter or impair any Option previously granted under the Plan unless the alteration or impairment occurred as a result of a change in the TSX Venture Policies or the Company's tier classification thereunder; and
- (d) delegate all or such portion of its powers hereunder as it may determine to one or more committees of the Board, either indefinitely or for such period of time as it may specify, and thereafter each such committee may exercise the powers and discharge the duties of the Board in respect of the Plan so delegated to the same extent as the Board is hereby authorized so to do.

- (c) it may change the termination provision of an Option granted hereunder which does not entail an extension beyond the original Expiry Date of such Option;
- (d) it may make amendments necessary as a result in changes in securities laws applicable to the Company;
- (e) if the Company becomes listed or quoted on a stock exchange or stock market senior to the TSX Venture, it may make such amendments as may be required by the policies of such senior stock exchange or stock market; and
- (f) it may make such amendments as reduce, and do not increase, the benefits of this Plan to Service Providers.

Amendments Requiring Disinterested Shareholder Approval

2.10 The Company will be required to obtain Disinterested Shareholder Approval prior to any of the following actions becoming effective:

- (a) the Plan, together with all of the Company's other previous Share Compensation Arrangements, could result at any time in:

ARTICLE 3 TERMS AND CONDITIONS OF OPTIONS

Exercise Price

3.1 The Exercise Price of an Option will be set by the Board at the time such Option is allocated under the Plan, and cannot be less than the Discounted Market Price.

Term of Option

3.2 An Option can be exercisable for a maximum of 10 years from the Effective Date.

Option Amendment

3.3 Subject to §2.10(b), the Exercise Price of an Option may be amended only if at least six (6) months have elapsed since the later of the date of commencement of the term of the Option, the date the Common Shares commenced trading on the TSX Venture, or the date of the last amendment of the Exercise Price.

3.4 An Option must be outstanding for at least one year before the Company may extend its term, subject to the limits contained in §3.2.

3.5 Any proposed amendment to the terms of an Option or security based compensation must be approved by the TSX Venture and by shareholder approval, where applicable, prior to the exercise of such Option.

Vesting of Options

3.6 Subject to §3.7, vesting of Options shall be at the discretion of the Board and, with respect to any particular Options granted under the Plan, in the absence of a vesting schedule being specified at the time of grant, all such Options shall vest immediately. Where applicable, vesting of Options will generally be subject to:

- (a) the Service Provider remaining employed by or continuing to provide services to the Company or any of its Affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its Affiliates during the vesting period; or
- (b) the Service Provider remaining as a Director of the Company or any of its Affiliates during the vesting period.

Vesting of Options Granted to Service Providers Conducting Investor Relations Activities

3.7 Notwithstanding §3.6, Options granted to Service Providers employed to provide Investor Relations Activities will vest:

- (a) over a period of not less than 12 months as to 25% on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting; or
- (b) such longer vesting period as the Board may determine.

Change of Control

3.8 Notwithstanding any other provision of this Plan, in the event of a Change of Control, the surviving, successor or acquiring entity shall assume any Options or shall substitute similar Awards, for the outstanding Options, as applicable. If the surviving, successor or acquiring entity does not assume the outstanding Options or substitute similar Awards, for the outstanding Options, as applicable, or if the Board otherwise determines in its discretion, the Company shall give written notice to all Optionees advising that this Plan shall be terminated effective immediately prior to the Change of Control and all outstanding Options shall be deemed to be vested and, unless otherwise exercised, forfeited or cancelled prior to the termination of this Plan, shall expire immediately prior to the termination of this Plan.

In the event of a Change of Control, the Board has the power to: (i) make such other changes to the terms of the Options as it considers fair and appropriate in the circumstances, provided such changes are not adverse to the Optionees; (ii) otherwise modify the terms of the Options to assist the Optionees to tender into a takeover bid or other arrangement leading to a Change of Control, and thereafter; and (iii) terminate, conditionally or otherwise, the Options not exercised, as applicable, following successful completion of such Change of Control. If the Change of Control is not completed within the time specified therein (as the same may be extended), the Options which vest pursuant to this §3.8 shall be returned by the Company to the Optionee and, if exercised, as applicable, the Shares issued on such exercise shall be reinstated as authorized but unissued Shares and the original terms applicable to such Options shall be reinstated.

Acceleration of Vesting on Change of Control

3.9 In the event of a Change of Control occurring, Options granted and outstanding, which are subject to vesting provisions, shall be deemed to have immediately vested upon the occurrence of the Change of Control, except for Options granted to Service Providers conducting Investor Relations Activities.

Extension of Options Expiring During Blackout Period

3.10 Should the Expiry Date for an Option fall within a Blackout Period, such Expiry Date shall, subject to approval of the TSX Venture, be automatically extended without any further act or formality to that day which is the tenth (10th) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the Expiry Date for such Option for all purposes under the Plan. Notwithstanding §2.8, the tenth Business Day period referred to in this §3.10 may not be extended by the Board.

Optionee Ceasing to be Director, Employee or Service Provider

3.11 Options may be exercised after the Service Provider has left his/her employ/office or has been advised by the Company that his/her services are no longer required or his/her service contract has expired, until the term applicable to such Options expires, except as follows:

- (a) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (b) an Option granted to any Service Provider will expire 90 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any time prior to expiry of the Option) after the date the Optionee ceases to be employed by or provide services to the Company, and only to the extent that such Option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company; and
- (c) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Non Assignable

3.12 Subject to §3.11(a), all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Optioned Shares

3.13 The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:

- (a) in the event of a subdivision of Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common Shares as result from the subdivision without an Optionee making any additional payment or giving any other consideration therefor;
- (b) in the event of a consolidation of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a lesser number of Common Shares, the Company will thereafter deliver and an Optionee will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;
- (c) in the event of any change of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the

said change as an Optionee would have been entitled to receive in respect of the number of Common Shares so purchased had the right to purchase been exercised before such change;

(d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, an Optionee will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common Shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of this §3.13;

(e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative;

(f) the Company will not be required to issue fractional shares in satisfaction of its obligations hereunder. Any fractional interest in a Common Share that would, except for the provisions of this §3.13, be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company;

(g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events set out in this §3.13, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the Company may designate and who will be granted access to all appropriate records and such determination will be binding upon the Company and all Optionees; and

(h) Notwithstanding the foregoing, any adjustment, other than in connection with a consolidation or share split, to Options granted or issued under the Plan, is subject to the prior acceptance of the TSX Venture, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

ARTICLE 4 COMMITMENT AND EXERCISE PROCEDURES

Option Commitment

4.1 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Commitment detailing the terms of such Options and upon such delivery the Optionee will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof, including any additional requirements contemplated with respect to the payment of required withholding taxes on behalf of Optionees.

Manner of Exercise

4.2 Subject to the provisions of this Plan, a Service Provider shall be entitled to exercise an Option subject to vesting limitations which may be imposed at the time the Option is granted. Each Option shall be exercisable as to all or such part or parts of the Optioned Shares and at such time or times. No fractional Shares shall be issued upon the exercise of Options granted under this Plan.

Method of Exercise

4.3 Subject to the provisions of this Plan, an Option granted under this Plan may be exercisable by the Service Provider as follows:

(a) Traditional Exercise. By delivering an Exercise Notice to the Company in the form and manner determined by the Board from time to time to, together with a wire transfer, a bank draft or certified cheque in an amount equal to the aggregate Exercise Price of the Shares to be purchased pursuant to the exercise of the Options and any applicable tax withholdings.

(b) Cashless Exercise. Subject to Section §4.3(d), pursuant to the Exercise Notice and subject to the approval of the Board, a Service Provider may choose to undertake a “cashless exercise” with the assistance of a broker in order to facilitate the exercise of such Service Provider’s Options. The Cashless Exercise procedure may include a sale of such number of Shares as is necessary to raise an amount equal to the aggregate Exercise Price for all Options being exercised by the Service Provider under an Exercise Notice and any applicable tax withholdings. Pursuant to the Exercise Notice, the Service Provider may authorize the broker to sell Shares on the open market by means of a short sale and forward the proceeds of such short sale to the Company to satisfy the Exercise Price and any applicable tax withholdings, promptly following which the Company shall issue Shares underlying the number of Options as provided for in the Exercise Notice.

(c) Subject to Section §4.3(d), upon the exercise of an Option pursuant to §4.3(a) or §4.3(b), the Company shall as soon as practicable after such exercise but not later than ten (10) Business Days following such exercise, forthwith cause the transfer agent and registrar of the Shares to deliver to the Service Provider such number of Shares as the Service Provider shall have then paid for and as are specified in such Exercise Notice.

Notwithstanding any other provision of this Plan, the Cashless Exercise provisions contained in each of §4.3(b) and §4.3(c) shall not apply at all times when the Company is listed on the TSX Venture, and such provisions shall be of no force and effect during such period.

Tax Withholding and Procedures

4.4 Notwithstanding anything else contained in this Plan, subject to Policy 4.4 of the TSX Venture Policies, the Company may, from time to time, implement such procedures and conditions as it determines appropriate with respect to the withholding and remittance of taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law. Without limiting the generality of the foregoing, an Optionee who wishes to exercise an Option must, in addition to following the procedures set out in §4.2 and elsewhere in this Plan, and as a condition of exercise:

(a) deliver a certified cheque, wire transfer or bank draft payable to the Company for the amount determined by the Company to be the appropriate amount on account of such taxes or related amounts; or

(b) otherwise ensure, in a manner acceptable to the Company (if at all) in its sole and unfettered discretion, that the amount will be securely funded;

and must in all other respects follow any related procedures and conditions imposed by the Company.

Delivery of Optioned Shares and Hold Periods

4.5 As soon as practicable after receipt of the notice of exercise described in §4.2 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue to the Optionee the appropriate number of Optioned Shares. If the Exercise Price is set below the then current market price of the Common Shares on the TSX Venture at the time of grant, or if the Option is exercised by an Insider or a Consultant of the Company within four months of the grant of such Option, the certificate representing

the Optioned Shares or written notice in the case of uncertificated shares will include a legend stipulating that the Optioned Shares issued are subject to a four-month Exchange Hold Period commencing the date of the Option Commitment.

ARTICLE 5 GENERAL

5.1 Nothing contained in the Plan will confer upon or imply in favour of any Optionee any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Optionee's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by an Optionee is voluntary.

No Representation or Warranty

5.2 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Options or the Common Shares issuable thereunder or the tax consequences to a Service Provider. Conflict

5.4 Subject to compliance with the policies of the Stock Exchange, in the event of any conflict between the provisions of this Plan and an Option Agreement or an Option Agreement and a Service Provider's employment / consulting agreement, the provisions of this Plan shall govern.

Amendment of the Plan

5.6 The Board reserves the right, in its absolute discretion, to at any time amend, modify or terminate the Plan with respect to all Common Shares in respect of Options and all security based compensation which have not yet been granted hereunder. Any amendment to any provision of the Plan will be subject to any necessary Regulatory Approvals and shareholder approval where applicable unless the effect of such amendment is intended to reduce (but not to increase) the benefits of this Plan to Service Providers.

Severability

5.7 The invalidity or unenforceability of any provision of this Plan shall not affect the validity or enforceability of any other provision and any invalid or unenforceable provision shall be severed from this Plan.

Effective Date of Plan

5.8 The Plan will become effective on the date final acceptance is received by the TSX Venture Exchange, and will remain effective provided that the Plan, or any amended version thereof, receives Shareholder Approval as required by the TSX Venture Policies.
